SMILE DESIGN: THE 7 DEADLY SINS

This course has no course or educational prerequisites

HANDS-ON PARTICIPATION COURSE

From direct to indirect restorative – to clear aligners – to interdisciplinary care – designing smiles is what we do. Those who understand and implement 7 core principles don't just design smiles, they design their practice success and financial futures.

This Smile Design: The 7 Deadly Sins journey – begins with clinical assessment – travels to treatment plan options – and then hands-on ultraconservative direct (injection moulding) and indirect (porcelain veneer) preparation, design, scan, temporization and delivery. It is a comprehensive solution to anterior esthetic treatment today.

This program offers targeted and intensive clinical learning, with a specialized focus on mastering the principles of anterior esthetics. You will find a comprehensive and immediately actionable curriculum that embraces an interdisciplinary philosophy. Gain the confidence to apply your newfound knowledge and skills as you return to your office, ready to deliver exceptional results that will leave a lasting impact on your patients. Take the first step towards enhancing your dental practice and transforming smiles with this transformative learning experience.

Learning Objectives

At the completion of this course, participants will be able to:

- Learn the 7 deadly sins that make, or break your patient's smile
- Understand today's materials (direct & indirect) and how to maximize them
- Hands-on, anterior esthetic injection moulding
- Ultra-conservative veneer preparation that delivers
- Convert your bread-and-butter patients to high end – high dollar dentist
