September 26 - 28, 2024

UTILIZING CLEAR ALIGNER THERAPY IN A DIGITAL WORK FLOW

This course has no course or educational prerequisites

HANDS-ON PARTICIPATION COURSE

This one-and-a-half-day course is designed for Invisalign providers who want to improve restorative outcomes with clear aligner therapy. The course focuses on the digital workflow for comprehensive treatment planning, simplifying equilibration with proper tooth alignment, and improving oral health with alignment of teeth. Current Invisalign providers who wish to enhance their skill using Invisalign Clear Aligners will gain the most benefit from the course.

The course offers hands-on experiences with the iTero scanner, ClinCheck® software, and other Align Technology tools. Including Invisalign™ Smile Architecture and Invisalign™ Virtual Assistant and 3D controls. All participants must bring three new, but not approved, ClinCheck® plans to review with the group.

LEARNING OBJECTIVES

- Explore the use of Invisalign clear aligner therapy as a treatment modality.
- Examine how clear aligner therapy can be used as an integral part of comprehensive restorative practice.
- Discuss the key elements of tooth movement, arch alignment and coordination using 3D controls.
- Learn the benefits of Smile Architect in communication restorative treatment outcomes to your patients.
- Learn the digital workflow for your comprehensive restorative cases.
